

Size	2.000 x 1.000mm	2.500 x 1.250mm	3.000 x 1.500mm
Thickness	8 – 100mm	8-100mm	8-100mm
Customized sizes on request			

PUCEST® linings without perforated sheets. The plate elasticity and plasticity allows a perfect fit against curved surfaces. The plates are available in standard sizes as per the table above.

PUCEST® plates are easily cut to size by using a jigsaw, following a cardboard template.

Test with sand grit blaster against PU plates, both in 85 Shore and 10 mm. The right hand are PUCEST® and the left is another PU material

A clear proof of how durable the PUCEST® PU material is!

Hardness	DIN 53 505	Shore A	55	65	85	TIX
